Cement Dispatches Plunged by 24% YoY in Aug-22

Tuesday, 6 September, 2022

North Price Per Bag (Rs.)				South Price Per Bag (Rs.)					Export Price Per Ton (USD)			
Aug-22	Jul-22	Change	% Change	Aug-22	Jul-22	Change	% Change	Au	g-22	Jul-22	Change	% Change
1,038	1,043	▼ -5	▼ -0%	1,044	1,042	A 3	▲ 0%		54	48	▲ 6	▲ 13%

Sluggish demand in dispatches is witnessed during the second month of FY23 as the recent data released by APCMA shows that cement dispatches were up by 61.9% MoM in Aug-22 while declined by 24.1% on a YoY basis owing to heavy monsoon rains that caused floods across the country. The industry dispatched 2.90mn tons of cement in the local market during Aug-22 as compared to 3.81mn tons during the same period last year, showing a decline of 23.8% YoY.

Further breaking down the local market into north and south regions, 2.50mn tons and 0.40mn tons of cement were dispatched in north and south respectively against 3.14mn tons and 0.67mn tons, showing a decline of 20.4% YoY and 39.9% YoY respectively. Lastly, exports from the north and south regions declined by 35.1% YoY and 22.2% YoY in Aug-22.

The industry is facing difficult times amid high electricity, and transportation costs coupled with currency devaluation. However, the cement dispatches are likely to increase going forward as restoration of damaged infrastructure and rehabilitation of masses is expected to gain momentum after the end of a rain spell forecasted in mid-September.
