## Market Outlook

KSE-100 on Friday opened on a bullish note. However, later on, it lost the impetus and concluded the session in the red zone amid profit taking by the investors. The index made an intraday high and low at 46,240(274 points) and 45,753 (-213 points) respectively while closed at 45,865 by losing 100 points Traded volume has been increased to 233mn shares as compared to 202mn shares on the previous day. Going forward, we expect the market to remain volatile. The index is likely to test its support at 45,600. Breaking this level could further drag the index towards 45,200. However, the resistance for the index resides at 46,300.

## DISCLAIMER

This report has been prepared by Abbasi & Company (Private) Limited and is provided for information purposes only. Under no circumstances, this is to be used or considered as an offer to sell or solicitation of any offer to buy. While reasonable care has been taken to ensure that the information contained therein is not untrue or misleading at the time of publication, we make no representation as to its accuracy or completeness and it should not be relied upon as such. From time to time, Abbasi & Company (Private) Limited and or any of its officers or directors may, as permitted by applicable laws, have a position, or otherwise be interested in any transaction, in any securities directly or indirectly subject of this report. This report is provided only for the information of professional advisers who are expected to make their own investment decisions without undue reliance on this report. Investments in capital markets are subject to market risk and Abbasi & Company (Private) Limited accepts no responsibility whatsoever for any direct or indirect consequential loss arising from any use of this report or its contents. In particular, the report takes no account of the investment objectives, financial situation and needs of investors, who should seek further professional advice or rely upon their own judgment and acumen before making any investment. The views expressed in this report are those of Abbasi & Company (Private) Limited Research Department and do not necessarily reflect those of the company or its directors. Abbasi & Company (Private) Limited as a firm may have business relationships, including investment--banking relationships, with the companies referred to in this report. Abbasi & Company (Private) Limited does not act as a market maker in the securities of the subject company. Abbasi & Company (Private) Limited or any officers, directors, associates or close relatives do not have a financial interest in the securities of the subject company to an amount exceeding 1% of the value of the securities of the subject company at the time of issuance of this report. Abbasi & Company (Private) Limited or any officers, directors, associates or close relatives are not currently serving or have served in the past three years as a director or officer of the subject company. Abbasi & Company (Private) Limited or any officers, directors, associates or close relatives have not received compensation from the subject company in the previous 12 months. The subject company currently is not, or during the 12-month period preceding the date of publication or distribution of this report, was not, a client of Abbasi & Company (Private) Limited. We have not managed or co-managed a public offering or any take-over, buyback or delisting offer of securities for the subject company in the past 12 months and/or received compensation for corporate advisory services, brokerage services or underwriting services from the subject company in the past 12 months. Abbasi & Company (Private) Limited does not expect to receive or intend to seek compensation for corporate advisory services or underwriting services from the subject company in the next 3 months

All rights reserved by Abbasi & Company (Private) Limited. This report or any portion hereof may not be reproduced, distributed or published by any person for any purpose whatsoever. Nor can it be sent to a third party without prior consent of Abbasi & Company (Private) Limited. Action could be taken for unauthorized reproduction, distribution or publication

#### VALIDITY OF THE PUBLICATION OR REPORT

The information in this publication or report is, regardless of source, given in good faith, and may only be valid as of the stated date of this publication or report. The information may be subject to change without notice, its accuracy is not guaranteed, it may be incomplete or condensed and it may not contain all material information concerning the company, jurisdiction or financial instruments referred to in this report. The valuations, opinions, estimates, forecasts, ratings or risk assessments herein constitutes a judgment as of the date of this report and were based upon several estimates and assumptions and are inherently subject to significant uncertainties and contingencies. It can be expected that one or more of the estimates on the valuations, opinions, estimates, forecasts, ratings or risk assessments were based will not materialize or will vary significantly from actual results. Therefore, the inclusion of the valuations, opinions, estimates, forecasts, ratings or risk assessments described herein is not to be relied upon as a representation and/or warranty by Abbasi & Company (Private) Limited and/or its other associated and affiliated companies, that:

- I. Such valuations, opinions, estimates, forecasts, ratings or risk assessments or their underlying assumptions will be achieved, and
- II. There is any assurance that future results or events will be consistent with any such valuations, opinions, estimates, forecasts, ratings or risk assessments stated therein

#### **DEFINITION OF TERMS**

ТР	Target Price	DDM	Dividend Discount Model	FCF	Free Cash Flows
FCFE	Free Cash Flows to Equity	FCFF	Free Cash Flows to Firm	DCF	Discounted Cash Flows
PE	Price to Earnings Ratio	PB	Price to Book Ratio	BVPS	Book Value Per Share
EPS	Earnings Per Share	DPS	Dividend Per Share	ROE	Return of Equity
ROA	Return on Assets	SOTP	Sum of the Parts	JPB	Justified Price to Book

#### VALUATION METHODOLOGY

To arrive at our Target Price, Abbasi & Company (Private) Limited uses different valuation methods which include:

- I. Discounted Cash Flow Model
  - II. Dividend Discount Model
- III. Relative Valuation Model
- IV. Sum of Parts Valuation

#### **RATINGS CRITERIA**

Abbasi & Company (Private) Limited employs a three-tier ratings system to rate a stock and sector, as mentioned below, which is based upon the level of expected return for a specific stock and outlook of sector. The rating is based on the following with stated time horizon

Stock Rating	Expected Total Return	Sector Rating	Sector Outlook
BUY	Greater than 15%	Overweight	Positive
HOLD	Between -5% to 15%	Market Weight	Neutral
SELL	Less than and equal to -5%	Underweight	Negative

Ratings are updated to account for any development impacting the economy/sector/company, changes in analysts' assumptions or a combination of these factors.

#### RESEARCH DISSEMINATION POLICY

Abbasi & Company (Private) Limited endeavors to make all reasonable efforts to disseminate research to all eligible clients in a timely manner through either physical or electronic distribution such as email, fax mail etc. Nevertheless, all clients may not receive the material at the same time

#### OTHER DISCLOSURES

- The research analyst is primarily involved in the preparation of this report, certifies that:
  - I. The views expressed in this report accurately reflect his/her personal views about the subject company/stock /sector and economy
  - II. No part of his/her compensation was, is or will be directly or indirectly related to the specific recommendations or views expressed in this report

The Research Analyst is not and was not involved in issuing of a research report on any of the subject company's associated companies
