Market Outlook

The stock market on Monday maintained its positive trajectory throughout the day and concluded the session in the green zone amid Shehbaz Sharif takes oath as 24th prime minister of Pakistan. The Benchmark KSE-100 index made an intra-day high and low at 66,007.43 (681.75 points) and 65,532.58 (206.90 points) respectively while closed at 65,951.72 by gaining 626.04 points.. Trading volume increased to 212mn shares as compared to 136mn shares on the previous trading day. Going forward, we anticipate market to continue its positive trajectory amid KIBOR falls 10 bps on lower inflation figures. Technically the market is currently on a crucial level of 66,000 where the 'Resistance/Supply zone' is residing, if the market is able to sustain this level then it could be anticipated to rally up to 67,000. Contrarily If the market breaks below 65,000, then it could fall to around 63,500.
