III. Market Outlook

KSE-100 on Friday remained volatile throughout the day and concluded the session in the red zone amid the rupee continued its downward trend for the sixth consecutive session against USD. The index made an intra-day high and low at 42,820 (0 points) and 42,601 (-219 points) respectively while closed at 42,730 by losing 89 points. Trading volume has increased to 108mn shares as compared to 72mn shares on the previous trading day. Going forward, the level of 42,925 (200 DMA) is crucial as the market needs to break it to unlock further upside. Breaking this level would further push the index towards 43,800. Contrarily, the support for the index resides at 42,500.

International

Asia share markets fret on China COVID outbreaks, Fed outlook

Asian share markets turned hesitant on Monday as investors fretted about the economic fallout from fresh COVID-19 restrictions in China, while bonds and the dollar braced for more updates on U.S. monetary policy. Beijing's most populous district urged residents to stay at home on Monday as the city's COVID case numbers rose, while at least see more...

Oil dips near 2-month lows as supply concerns ease

Oil prices hovered near two-month lows on Monday as supply fears receded while concerns over China's fuel demand and rising interest rates weighed on prices. Brent crude futures for January had slipped 28 cents, or 0.3%, to \$87.34 a barrel by 0103 GMT after settling at their lowest since Sept. 27. U.S. West Texas Intermediate (WTI) crude futures for December were at \$80 a barrel, down 8 cents, ahead of the see more...

PKR declines on rising political noise, falling forex reserves - Negative

The rupee lost value, albeit marginally, in all five sessions during the previous week to close at 223.17 against the US dollar in the inter-bank market, amid reports that talks with the International Monetary Fund (IMF) have been further delayed as the lender linked arrival of its mission in Islamabad with finalisation of macroeconomic framework with necessary adjustments. see more...

Circular debt of gas sector soars to Rs 900 billion: Ogra to hold public hearing on SSGC petition tomorrow - Negative

The Oil and Gas Regulatory Authority (Ogra) will hold a public hearing on Monday (tomorrow) on a petition of the Sui Southern Gas Company (SSGC) about its revenue requirement for the financial year 2022-23 of Rs184,881 million, including Rs33,787 million of un-recouped shortfall for the year 2021-22, and seeking an increase in average prescribed price by Rs667.44 per see more...

No export, no crushing season: PSMA - Negative

Sugar millers on Friday categorically refused to start the crushing season of 2022-23 unless they are given permission to export one million tonnes of surplus sugar lying in their godowns which has to potential to add up to \$1 billion to the national exchequer. At present 1.2 to 1.3 million tonnes of sugar is available, sufficient to meet the national domestic requirement until January 15, 2023. While addressing a press conference, Pakistan Sugar Mills see more...

OMCs reliance on short-term loans ups financial risks - Negative

The huge reliance of oil marketing companies (OMCs) on short-term borrowings increases the financial risk of the sector, indicated a study. "The borrowing needs of the sector arise from working capital financing for which the sector relies heavily on short-term borrowings as they constitute an average of 90 percent of the total borrowings," see more...

POL exports up 66.01pc - Positive

Petroleum products, excluding top NSPHTA, exports during the first four month of fiscal year of 2022-23 increased by 66.01 percent as compared to the exports of the commodity during the corresponding period of last year. During the period from July 22 to October 22, Petroleum products worth \$10.05 million were exported as compared to the exports of \$6.05 million during the same period of last year. see more...

Pakistan's power generation cost dips 9% month-on-month in Oct - Positive

The total cost of generating electricity in the country declined by 9%, hitting Rs9.02 KWh in October 2022 compared to Rs9.91 KWh in September. However, on a year-on-year (YoY) basis, electricity generation cost declined marginally by 3%. "On YoY basis, the decline in fuel cost is witnessed after 22 months," said Arif Habib Limited (AHL) in a note on see more...

Power projects: Huge receivables hurdle to new Chinese funding - Negative

Beijing has reportedly conveyed to Islamabad that huge receivables of existing Chinese power projects are the main hurdle in convincing banks for further funding in other power projects to achieve their financial closures, well informed sources in federal government told Business Recorder. The issue receivables and opening of revolving account for see more...

Steel sector sees 40% decline - Negative

The management of Amreli Steels Limited (ASTL), on Friday, said the local steel industry has witnessed a contraction of around 40% the recent quarter due to the floods. During a corporate briefing, the ASTL management explained that many mills had recently shut down operations due to the high cost of scrap accompanied by other economic challenges. International scrap prices have increased by about 20% see more...
